SPECIALTY COFFEE DIRECT TRADE ORGANIC KOFFIE

We use coffee beans from
STOOKER Specialty Coffee in Amster-
dam. These beans are organic and
B-Corp certified.

This certification shows that they
meet high standards for social and
environmental performance. They
have a responsible and transparent
impact on their employees, custom-
ers, community, and the environment.

TEA FROM OUR OWN GARDEN

In spring and summer, we grow our own fresh tea! If we don't have enough or the season is over, we get it from BOTMAS, the organic farmer! This way, you have a delicious and responsible organic tea!

BENEFITS

Did you know that nettle tea contains a lot of silicon? This is good for skin, hair, and nails.

Thyme is really a booster for the immune system! Drink a cup of thyme tea or thyme water every day to give your immune system a boost!

Hibiscus tea is also perfect for boosting the immune system and helps against infections in the body. It's also a great tea for supporting the liver..

SOURDOUGH BREAD

LOCAL

Our bread comes from StreekBroden in Heerenveen.

They use grains from the grain brothers in Harich (Friesland). They grow everything themselves and also grind it in their own stone mill. They cultivate everything regeneratively without artificial fertilizers or pesticides.

They are currently working towards their organic certifications
